Minutes of the Meeting

A meeting of the IQAC members was held in the principal's chamber under the chairmanship of Prof. (Dr.) S.P.Sarswat on 16TH March 2020 to discuss the progress of payments made to the vendors and resource persons of the five day workshop on MOOC from 15th-19th January 2020.

The following points were discussed:

1. It was apprised by the accountant that the T.A and accommodation bills were forwarded to treasury for necessary action
2. It was also apprised that the coordinators were reluctant to conduct the workshop due to non-availability of the resource persons. A similar workshop on the same topic organized by JKHED for valley students was cancelled owing to the same reason; but we were telephonically directed by the nodal principal as well as Deputy Secretary Higher Education to conduct the workshop; since this workshop was earlier scheduled from 4th August 2019 but could not be continued due to situation of Jammu Bandh and non-availability of internet thereafter.
3. Owing to the above mentioned reasons, the preparations of the workshop were made at a very short notice. All the codal formalities were followed, however the tendering process for the supply of food and refreshment for the delegates could not be executed due to the time constraint , as such the dasti quotations were sought for the same.

The meeting ended with a vote of thanks

Minutes of the meetings convened to work out the details for the conduct of 6th semester examination of the session 2019-20(UG programmes CBCS) held on 31/8/2020-2/9/2020

Covid -19 Pandemic has disrupted all social, cultural, economic and administrative spheres of mankind, globally. It has seemingly put on hold all human activities and has virtually lamed the whole world. Education sector bore the maximum brunt of the fallout of this pandemic as the latter part (starting from the 2nd fortnight of February -2020) of the academic session 2019-20 got completely disrupted. Although, through the use of technology (online classes, e-content delivery etc) coupled with the concerted efforts of the faculty and the students the syllabi of different courses could get completed to the satisfaction of all the stakeholders, yet the conduct of examination and the subsequent promotion of the students to the next classes has been and is still the most daunting task to accomplish.

MHRD, MHA, U.G.C, University of Jammu (affiliating University of GCW parade) and Govt. of the union territory of Jammu & Kashmir have issued guide lines and SOPs from time to time with regard to the conduct of examinations and other associated operational procedures.

In anticipation of the approval of the Academic Council, several notifications have been issued (available on the college web site) by the college to streamline the process of the conduct of examination of the students of the intermediate semesters of the UG/PG Programmes. During the deliberations of these meetings the following decisions were made.

2. The examination shall be MCQ objective based
3. In language courses some descriptive type questions shall be set from the course component which demands detailed writing.
4. IQAC shall work out the other specific details of the examination

As a follow up to the decisions arrived at in the meetings convened for the purpose of formulating the details for the conduct of examination of the students of 6th Semester of

B.A, B.Sc., B.Com, and BCA Programmes of the session 2019-20 a web meeting of the IQAC members was convened on 1/9/2020 wherein all the details were worked out.(annexure -1 enclosed)

Minutes of the meeting held on 8/9/2020

A meeting of Dean Academic Affairs, Convenor examination committee (Conduct) and convenor IQAC was convened by the Principal in his chamber on 8/9/2020 to discuss about the operational procedures for the conduct of the examination of the students of 6th semester of B.A, B.Sc., B.Com and BCA programmes (CBCS-Regular & Private) of the academic session 2019-20.

During the discussions it was realised that a large number of students who have to take examination belong to far off places (Ladakh, Doda, Kishtward, Poonch, Rajouri etc) and all are currently staying at their respective residences due to covid-19 Pandemic. The College has received representations from students residing in these far off places that it is difficult for them to come to the college Campus for writing the examination. Further that the 1st provision of the notification No. WCP/Coll/2020/2113, dated 4/9/2020 issued by the college mandates the college for offline conduct of the examination of the students of semester 6th of the different UG programmes of the academic session 2019-20. It was also felt that the conduct of offline examination in such a scenario may create transportation and lodging issues for the students who are supposed to come for writing the examination from their residences after gap of about six months. Having identified these issues pertaining to the conduct of examination through offline mode the members attending the meeting deliberated upon the other possible options available to the college with regard to the conduct of these examinations.

The following options were suggested for consideration

1. Students shall be asked to give their choices as to whether they feel comfortable to write the examination through online or offline mode. These choices can be sought from the students through Google forms
2. In case the students opt for both online and offline modes, the college shall have to make provision for conduct of examination through offline as well as online modes simultaneously. In this scenario a suitable modification in the 1st provision of the notification No WCP/Coll/2020/2113, dated 4/9/2020 shall have to be introduced.
3. The examination section of the college be accordingly informed about the mode of conduct of these examinations and suggestions be sought about the procedures to be followed for implementation of the same
