1. From the Principal's Desk

 As the Principal of this prestigious institution, it gives me immense pleasure to welcome you. Since its inception in 1944 the College has been striving towards maintaining high academic standards and excellence. We are committed to provide our students with a wide variety of opportunities in order to help them attain their highest potentials. This institution aims to provide education to girls and empower them so that they can be financially independent, socially conscious, morally upright and emotionally balanced. GCW Parade Ground is an amalgamation of competent teachers, state-of-the-art infrastructure and an experienced and efficient management, safe and supportive environment for its students to provide a perfect balance of academics, sports, artistic and social opportunities. The genuine concern of our Institution is to ensure the students' emotional growth along with intellectual excellence. This empowers them to develop their self-esteem, self-awareness and self-confidence.

From this session 2022-23 this Institution is going to implement National Education Policy as another milestone towards providing the quality education. Under NEP2020 College would be switching from a theoretical dominated courses to practical based skill courses as per aspirations of the students and potentialities available in the UT of J&K.

Every student who enters this temple of learning will be empowered through value based, quality and integral education, to empower others, especially the socially and economically marginalized and create a civilization of love.

Let's work to make this institution a modern temple of learning through our diligence, devotion and dedication.

Wishing you all a very fruitful academic pursuit.

Dr. S P Sarswat
Principal

2.   College Profile

Before a student throws herself into college life, fancies herself learned and assumes airs of erudition by the time she is about to leave college, a deeper understanding of the genesis and evolvement of the institution of higher learning she was a part of is as important for her as is knowing about the history of the nation she belongs to, or of the family she is a part of. This becomes even more imperative when the institution in reference was established prior to independence, takes pride in having been founded by an empress and having been founded by an empress and has a rich history of more than 77 years. A journey back in time is, thus, necessitated and must be undertaken at the outset of her academic stay and this is precisely the reason why this introductory profile is a key part of the prospectus.

The eminence that presently defines this institution of higher learning is the result of a thought that had its genesis in the pre-independence era. Established as the first Women college of Jammu Province by Maharani Tara Devi during the rule of then Maharaja Hari Singh, and named appropriately as Maharani Mahila College, this institution has seen good days and has gone through several permutations to reach thus far. The Mahila Education Society (registered body of the then prominent and respectable women of Jammu), at the instance of MAHARANI TARA DEVI, laid the foundation of MAHARANI MAHILA college on 1st of June, 1944 which was later taken over by the Govt. of J&K on 25th November,1953 and was renamed as Govt. College for Women, Parade, Jammu. It continued to be the only women college of Jammu province up to 1971.

Honouring the mandate of NEP is the responsibility of every academic institution and GCW Parade is, accordingly, eager for a paradigm shift to this effect. With the stress shifting to introduction of a number of vocational courses and research components, GCW Parade is all set to add to its distinction of being the only college in the province offering the largest number of courses ranging from Arts to Science and Commerce to B.C.A with 29 total subjects and 55 combinations available to the students. More than 6000 students are pursuing their degrees in various disciplines including PG in Home Science, Computer Applications, Zoology,English and Music

.

With ever changing scenario of higher education across the world, it becomes pertinent for an educational institution to be commensurate with market demand for placement of students. As such, a number of value added courses that include Functional English, Archeology and Museology, Tourism and Travel Management,Bio-Informatics, Food Processing and Quality Control and Information Management have been started. GCW Parade, with its student centric academic philosophy, employs varied methods of experiential and participatorylearning so as to ensure active participation of the students in the teaching-learning process. This college has been acting as a platform for organization of national and state-level seminar to sensitize the

latent talent within students. In addition, various student clubs are actively functioning to inculcate values, ethics and social responsibility amongst the students.

Having been identified by DBT as College with Potential for Excellence, the college has added to itsinfrastructure and paraphernalia to boost academics and sports activities alike. Under the DBT scheme of Star College for improving critical thinking and 'hands on' experimental work in the cutting edge-technologies needed for modern biological studies at undergraduate (college) level in life sciences, the college has been provided the financial assistance for up-gradation of science teaching. More recently, keeping in consideration various aspects of NAAC, Higher Education Department, J&K Govt. has proposed to establish advanced multidisciplinary research laboratories in various colleges of J&K under HUB and SPOKE model wherein GCW Parade has been selected as the Hub for Life Sciences, Music & Fine Arts and Languages with several degree colleges as its Spokes. The hubs are envisioned to house a central facility that can cater to the requirements of researchers in respective fields. Consequent upon this, state of the art laboratories have been established that shall cater to the needs of students and researchers thus defying the thought that research is only meant for universities. SEFA standard labs for biological sciences, recording studio for Mass, Media and Communication lab, and facilities for language labs are some of the new attractions added. The already functional auditorium is being upgraded into an echo proof auditorium with latest technology available. A firstof its kind for colleges in J&K, underground parking facility has been created to cater to the ever increasing load of vehicles. A state of the art multistoried building, about to be thrown open for use, rests on the parking portion and is supposed to house lecture rooms fitted with latest audio-visual aids, a conference hall equipped with facilities in vogue, a reading room for students and lounge for VIPs.

GCW Parade has always been an advocate of amalgamation of traditional in-class learning with modern day flexible learning methodologies that involve the use of technological paraphernalia to augment the teacher's knowledge and content delivery. Recently, latest smart boards with associated teaching learning units have been installed in almost all the lecture rooms and laboratories. Hassle free shifting of teaching from offline mode to online mode by devising own Learning Management System and by subscribing to GSuite and other teaching apps has been a hallmark of this college in these testing times of COVID pandemic.

The rich history of 77 years cannot be abridged for the purpose of profiling. This institution takes pride in achievements that have been of monumental proportions, courtesy the dedication and owning by its students and staff. It is up to you all not only to keep the standards, but to set new too. Let us all strive to prevent this institution from becoming a monument of proportions only.

Code of Conduct for the Teachers

Source: https://www.ugc.ac.in/pdfnews/5323630_New_Draft_UGCRegulation-2018

Teachers and their Responsibilities:
Whoever adopts teaching as a profession assumes the obligation to conduct himself/ herself in accordance with the ideal of the profession. A teacher is constantly under the scrutiny of his/her students and the society at large. Therefore, every teacher should see that there is no incompatibility between his/her precepts and practice. The national ideals of education which have already been set forth and which he/she should seek to inculcate among students must be his/her own ideals. The profession further requires that the teacher should be calm, patient and communicate by temperament and amiable in disposition.

Teacher should:
1. Adhere to a responsible pattern of conduct and demeanor expected of them by the community;
2. Manage their private affairs in a manner consistent with the dignity of the profession
3. Seek to make professional growth continuous through study and research
4. Express free and frank opinion by participation at professional meeting, seminars, conferences etc., towards the contribution of knowledge
5. Maintain active membership of professional organisations and strive to improve education and profession through them
6. Perform their duties in the form of teaching, tutorials, practical, seminar and research work, conscientiously and with dedication
7. Discourage and not indulge in plagiarism and other non ethical behavior in teaching and research
8. Abide by the acts, statutes and ordinances of the College and to respect its ideals, vision, mission, cultural practices and tradition;
9. Co-operate and assist in carrying out the functions relating to the educational responsibilities of the college, such as: assisting in appraising applications for admission, advising and counseling students as well as assisting the conduct of college examinations, including supervision, invigilation and evaluation; and
10. Participate in extension, co-curricular and extra-curricular activities, including the community service.

Teachers and students
Teachers should:
1. Respect the rights and dignity of the student in expressing his/her opinion;
2. Deal justly and impartially with students regardless of their religion, caste, gender, political, economic, social and physical characteristics;

3. Recognise the difference in aptitude and capabilities among students and strive to meet their individual needs;
4. Encourage students to improve their attainments, develop their personalities and at the same time contribute to community welfare;
5. Inculcate among students scientific temper, spirit of inquiry and ideals of democracy, patriotism, social justice, environmental protection and peace;
6. Make themselves available to the students even beyond their class hours and help and guide students without any remuneration or reward
7. Refrain from inciting students against other students, colleagues or administration
❖ Teachers and Colleagues

Teachers should:
1. Treat other members of the profession in the same manner as they themselves wish to be treated;
2. Speak respectfully of other teachers and render assistance for professional betterment;
3. Refrain from making unsubstantiated allegations against colleagues to higher authorities; and
4. Refrain from allowing considerations of caste, creed, religion, race or sex in their professional endeavor.
❖ Teachers and Authorities

Teachers should:
1. Discharge their professional responsibilities according to the existing rules and adhere to procedures and methods consistent with their profession.
2. Refrain from undertaking any other employment and commitment, including private tuitions and coaching classes which are likely to interfere with their professional responsibilities.
3. Co-operate in the formulation of policies of the institution by accepting various offices and discharge responsibilities which such offices may demand
4. Co-operate with the authorities for the betterment of the institutions keeping in view the interest and in conformity with the dignity of the profession
❖ Teachers and Non- Teaching Staff

Teachers should:
1. Treat the non-teaching staff as colleagues and equal partners in a cooperative undertaking in the institution
2. Help in the functioning of joint-staff councils covering both the teachers and the non-teaching staff.
❖ Teachers and Guardians

Teachers should:
   Maintain contact with the parents/guardians of students, and interact with them to
❖   discuss issues related to students academic and personal growth.
